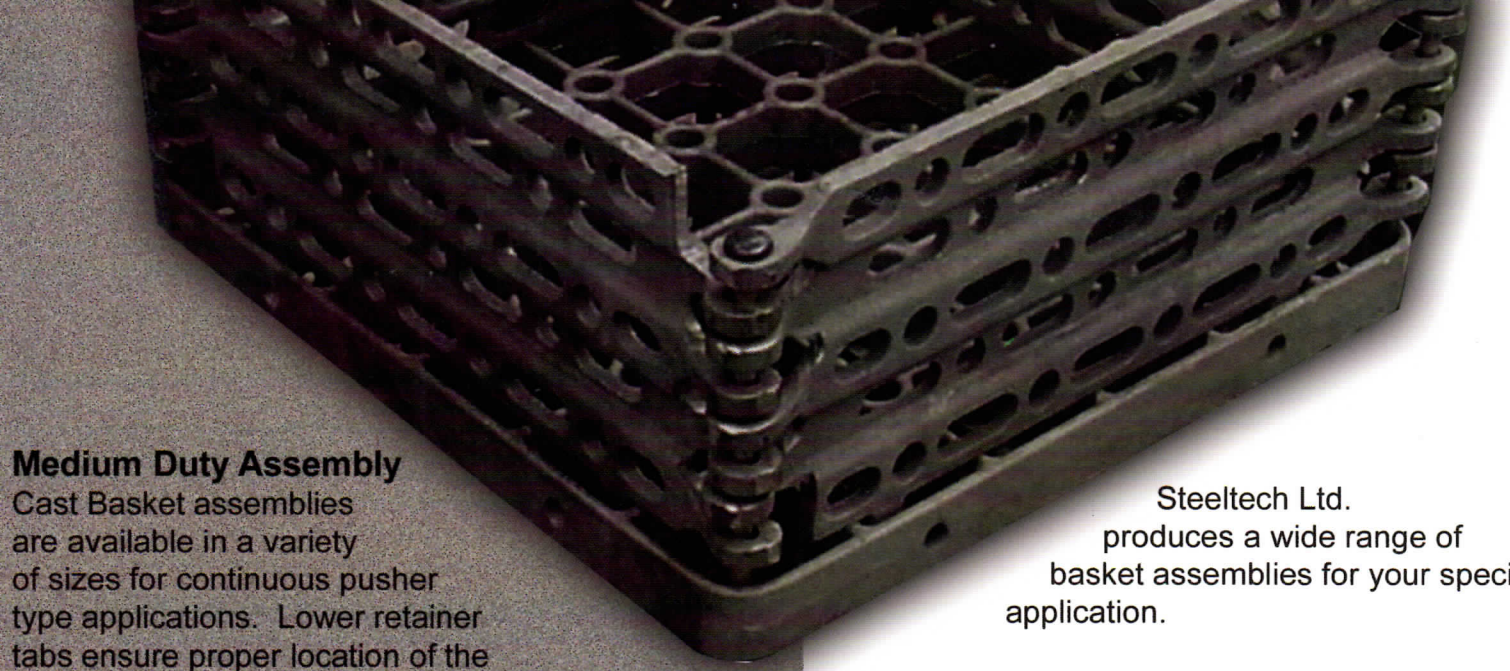
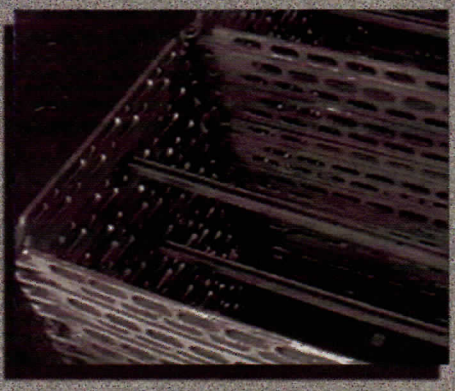
Complete customer satisfaction is more than our goal-

It's our GUARANTEE!



Medium Duty Assembly
Cast Basket assemblies are available in a variety of sizes for continuous pusher type applications. Lower retainer tabs ensure proper location of the basket assemblies on the base trays.



Cast Basket assemblies can be assembled to a variety of lengths to accomodate vertical loading of parts. Hangers are available for horizontal loading of parts.

Cast Basket assemblies are also available for batch type processing. Lower retainer tabs reduce shift and movement of the basket assembly to eliminate hang ups in your furnace.
